

Report for Week Ending 7 March 1956  
from  
PROJECT STAFF

Projects 4-83, 4-84, 4-96, 5-59, 5-60, 5-68

No change from previous report.

General Information

- 25X1A9a Met with Mr. [REDACTED] of ORR to discuss the establishment  
of VM deposit schedules for all of ORR/Geographic Divisions. Mr. [REDACTED] 25X1A9a  
25X1A9a requested that Mr. [REDACTED] work with the respective division chiefs as soon  
as possible.
- 25X1A9a Met with Mr. [REDACTED] of ORR to discuss the development of a  
schedule in ORR/DT. Mr. [REDACTED] will provide us with a list to be used in 25X1A9a  
the development of a schedule.
- 25X1A9a [REDACTED] of ORR/Map  
visited the repository this week.
- In conjunction with our review of IBM machine requirements at the reposi-  
tory, a meeting was held with Mr. [REDACTED] of OCR/ER. The 25X1A9a  
conclusions reached were as follows:
- (a) Of the 4 series of cards now being deposited, 3 would be replaced  
by listings;
  - (b) No machine operations would be necessary for maintenance of the  
tabulating cards to remain on deposit;
  - (c) The present equipment would be adequate for emergency exercises;  
and
  - (d) In the event of an emergency, requirements for this office would  
be:
    - (1) Half-time use of one 407 tabulating machine;
    - (2) Two sorting machines;
    - (3) One collator; and
    - (4) Limited use of one punch machine.
